

TORO

72" Z MASTER[®] 5000 SERIES (74945)

Model Shown 74944

Z Master Professional 5000 Series mowers offer rear discharge decks for increased productivity in taller grass. These EFI models also use up to 25% less fuel than equivalent non-EFI mowers. The rear discharge design allows operators to trim on either side of the deck — no need to change direction to avoid discharging debris on roadways, sidewalks or flowerbeds. Clippings are dropped within the path of the mower, saving time and cleanup.

Deluxe Suspension Seat

Deluxe suspension seat features thick cushions, large bolsters and 3-D isolator mounts that absorb bumps and vibrations to reduce operator fatigue.

Many of the products you will find in certified Toro dealers' stores come with a warranty or guarantee from The Toro Company. In addition, our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Full details of your consumer rights may be found at www.consumerlaw.gov.au
